# RECURRING FEEDBACK/ISSUE

Daytime employees without a daytime parking permit who return to campus at night.

Weeknight event parking for performing arts, athletics, lecture series, et cetera.

Affordable occasional weeknight parking.

# FEEDBACK

## COST

- Employees that have daytime shifts that do not buy parking permits
- Higher prices for guaranteed parking
- Reconsider salary range structure
- Future fee increases
- A disincentive for Postdoctoral Fellows to return after 5:00 p.m. for teaching and research
- Give postdocs graduate student fee permit rate
- Occasional-Use options for temporary employees
- General concerns relative to groups having to pay that have not paid in the past.

## VISITORS

- Management of proximate parking for visitors/events.
- Departments purchase guest passes.
- After hours management of parking for groups, such as Bowman Gray/Kessing for children's swimming lessons.
- Relocating permit holders for weeknight events.
- Provide event schedules
- Need additional ADA spaces available near performance venues during events.

## PERMIT

- Departments purchase weeknight service permit
- Manage shift overlaps
- Daytime permits honored at night
- Parking availability
- Occasional use options
- Weeknight access for daytime Employees without a daytime permit.
- Reserved student weeknight residential parking.
- Effect on state accessibility and UNC-D parking spaces.
- Proximate parking areas designated for employees at night.

## GENERAL

- Changes in parking demand on weeknights.
- P2P transportation to bus stops on campus.
- Late night transportation options
- Educational period prior to issuing citations.
- Communicating with user groups.
