

Minutes

Call to order: 3:01 pm

Ordinance Changes

- Planning for upcoming year still underway
- Anticipate bringing to ACT in April and submitting for May BOT

Transportation Working Group Update

- Student Safe Ride Survey Feedback
 - Incorporated feedback from group
 - Survey available at:
- Distribution and timing of survey
 - Asking campus partners to communicate
 - Are there restrictions about surveys?
 - Considerations for sending out the survey
 - Can the survey be sent out as a university-wide email?
 - Typically work with campus partners for student specific survey, may be able to put on website
 - Campus-wide emails are generally restricted
 - Laura offers possibility to work with Grad School and reaching out through Student Services Coordinators
 - Molly offers that GPSF can also help push information out, including newsletter, emails, or senate meeting (depending on timing)
 - Chris offers Dr. Welfort in Institutional Research for guidance and coordination; Student Affairs can help push information to undergraduate student contacts; Question: Will survey require an ONYEN login to help capture demographic information; Chris Williams IT as a contact for student surveys/ONYEN authentication
 - Martha offers to clarify or frame the survey that services would be post-COVID; and allows marketing about Safe Ride Service (and all late-night transportation services)
 - Transportation Working Group meeting next week; collect additional feedback
- Micro-mobility Update
 - Small, light-weight vehicles that operate below 15 mph (bikes, e-bikes, scooters, et cetera)
 - Growing to address first mile, last mile
 - Tar Heel Bikes, operated by Bolt (formerly Gotcha), will expire May 2022
 - Requesting information from potential providers
 - Working with Town of Chapel Hill and Town of Carrboro for seamless bike share program

Accessibility Update, Wil Steen

- Update accessibility processes
- Considerations for population (employees, students, visitors)
- Summary
 - 2017 – Transportation and Parking Accessibility Committee (TPAC) reviews applications for transportation accommodations
 - 2019 – Contracted with Kimley-Horn to provide comprehensive maintenance plans for parking facilities; also working with Facilities Planning for ADA guidelines
 - 2020 – Transportation Accessibility Committee (TAC) created to provide guidance on issues related to ADA accommodations and access
- Website Updates for Accessibility Accommodations (move.unc.edu/parking/accessibility)
- Comment from John: Thank you for the work, Athletics has accessibility needs for events.
 - Opportunity to review process
 - Evaluate services for the community
 - Trying to bring together expertise on campus to support

Round Table

- Julia Lisuzzo, College of Arts and Sciences – No updates
- Allan Blattner, Carolina Housing
 - Fall 2021, ~3800 students living on main campus
 - So far, 2800 elected to return next fall
