Transportation and Parking Systems
5-Year Plan

Monthly ACT Meeting
August 16, 2023
AGENDA

- Recap on Plan Progress
- Summer Workshop
- Five-Year Plan Elements
  - Core Themes & Cost Drivers
  - FY24 Budget
  - Funding Sources & Rates
- Next Steps
**Transportation & Parking**  
**Campus Outreach Survey**

UNC Transportation and Parking has been hard at work engaging with the University community, evaluating existing operations and technology, and starting to develop the Five-Year Plan elements! Since our last Executive Sponsor Meeting:

- **Held 11 focus group discussions** with stakeholder groups on campus  
- Launched a campus survey that generated over 4,000 responses  
- **Refined the guiding principles** and developed supporting practices  
- Kicked off a Systems Evaluation

**SUMMARY ON OUTREACH:**

**ACT Meetings:**

Monthly ACT meetings provide key touch points with Committee to educate members on the system and the Plan and to gather feedback on elements that make up the Plan. Open and transparent communication are vital to the Plan’s development and ultimate success.

**Focus Groups:**

All ACT representative members and ex-officio were invited to identify and nominate community members from their respective departments/units to participate in a transportation and parking-centered focus group. The focus group questions and presentation were designed to encourage discussion and dialogue among participants.

**Survey:**

As a result of this engagement effort, the campus survey gathered about 4,046 completed survey responses. This is about 3,660 more responses than the previous Five-Year Plan engagement effort.

**Core Themes from Outreach:**

- **Parking:**  
  - Allocating Permits to Departments  
  - Permit Pricing  
  - Permit Assignment Structure  
  - Accredited Parking Organization” Designation

- **Transportation Demand Management:**  
  - TDM program improvements  
  - Assessing P2P for Electric Fleet | Service  
  - Assessing current local and regional transit partnerships

- **Programming and Policy:**  
  - Managing T&P’s capital assets  
  - Mobility process and access improvement

- **Communication:**  
  - Increasing Education and Communication  
  - Strengthening collaboration with campus partners

**NEXT STEPS:**

**FALL 2023**

- Develop Funding Scenarios
- Draft Initial Recommendations
- Campus Outreach
- Present Recommendations to Executive Sponsor Group
- Chancellor Meeting
- Final Recommendations
- Board of Trustees Meeting

**SPRING 2024**
The March ACT meeting was centered around education—specifically educating the ACT Committee members on the transportation and parking system, why the 5-Year Plan came to exist, and the necessary steps it takes to complete a 5-Year Plan. ACT members learned that T&P is limited on how much parking that can be provided due to the requirements of the Town of Chapel Hill’s Office/Institutional-4 (01-4) Zoning District regulations. These regulations allow for only a total 1,559 net new parking spaces in the existing Development Plan, which means growth must be met through alternative modes of commuting.

T&P at UNC provides and manages more than just parking for the campus community and the 2M patients and visitors that visit campus annually. The System is also comprised of:

- Transit services such as P2P, Chapel Hill Transit, and Triangle Transit.
- Transportation Demand Management programs such as Tarheel Bikes, Carpool/Vanpool/Rideshare, and the Commuter Alternatives Program (CAP).

#2: MARCH

The March ACT meeting was centered around education—specifically educating the ACT Committee members on the transportation and parking system, why the 5-Year Plan came to exist, and the necessary steps it takes to complete a 5-Year Plan. ACT members learned that T&P is limited on how much parking that can be provided due to the requirements of the Town of Chapel Hill’s Office/Institutional-4 (01-4) Zoning District regulations. These regulations allow for only a total 1,559 net new parking spaces in the existing Development Plan, which means growth must be met through alternative modes of commuting.

T&P at UNC provides and manages more than just parking for the campus community and the 2M patients and visitors that visit campus annually. The System is also comprised of:

- Transit services such as P2P, Chapel Hill Transit, and Triangle Transit.
- Transportation Demand Management programs such as Tarheel Bikes, Carpool/Vanpool/Rideshare, and the Commuter Alternatives Program (CAP).

#3: APRIL

In April, the consultant team conducted 10 focus group sessions between April 18th and April 20th. The focus group discussions centered around participants’ experience with transportation and parking on campus, the guiding principles, and potential focus areas for the Plan. This feedback, as well as the customer satisfaction survey, will be used to develop recommendations to meet expressed needs and challenges.

The April ACT meeting was an interactive, and discussion-based. ACT members were asked to react to the previous set of guiding principles and provide guidance on how best to update to accurately reflect the trajectory and future growth of transportation and parking services to meet campus needs.

#1: KICK OFF

Started the year off with the Launch meeting where we introduced the 5YP, the various elements of the plan, and the vital roles of the Executive Sponsor, ACT Committee members, and the campus community. We established a timeline for the 5YP and reviewed the approval process.

The Approval Process

- Advisory Committee for Transportation
- Executive Sponsor Group
- Chancellor
- Board of Trustees

Customer Satisfaction Survey opened April 18th

Participants
- Employee Forum
- Medical School
- Student Affairs
- Sustainability
- UNC Hospitals
- Carolina Athletics
- Positions
- Libraries
- Colleges, Schools and Departments
- Graduate and Professional Student Government
- Faculty Council

#5: JUNE

The customer satisfaction survey closed on May 31st, the purpose of the June ACT meeting was to discuss the campus feedback collected through the survey. The survey consisted of multiple choice and open-ended questions geared towards understanding the participants’ experience with the transportation and parking system. Key word/phrase analysis was used to analyze open-ended feedback, which were then categorized into 3 main themes:

- **Programming/Policy**: These are elements that may be improved through strategic policy or programmatic updates.
- **Education**: These are elements that can be addressed through increased education or awareness.
- **T&P Adjacent**: These are elements that affect the customer experience on campus but are not within the T&P’s scope of responsibility.

#4: MAY

The May ACT meeting was another collaborative working session with ACT committee members. Using feedback from the focus groups and the April ACT meeting, T&P and Kimley-Horn drafted updated guiding principles and supporting practices which were presented to ACT.

Members were asked to weigh in on the changes to confirm the new guiding principles or to provide further input on how best to update for this Plan process.
Summer Session

• Systems Evaluation Workshop
  • June 27th – 29th, 2023

• Conducted the 20 Characteristics Evaluation

• Developed a list of potential plan elements

Discussion

Questions & Answers
The 5-Year Plan Process Timeline

**Launch 5-Year Plan**
- Feb. 2023
- ACT meetings – collaborative campus-wide participation in Plan development
- Exec. Sponsor Group meetings – campus leadership review of work

**Data Collection & System Evaluation**
- Feb. – June 2023
- Gather and synthesize existing data, update and establish guiding principles, evaluate system performance

**Outreach**
- Jan. 2023 – May 2024
- Engage the University community through focus groups, town halls; work directly with campus representatives that participate in ACT for a campus-wide perspective

**Recommendations**
- Sep. – Nov. 2023
- Develop short- and long-term objectives and strategies and identify Key Performance indicators

**Financial Plan**
- Feb. – Nov. 2023
- Develop a financial plan and fee structure strategy to support system for the 5-year period

**Update Ordinance**
- Apr. 2024
- Update changes in fees and policies

**Approval & Adoption**
- May 2024
- Presentation to BOT for Ordinance approval
Next Steps

• Financial Modeling for Five-Year Plan Scenarios
• Fall Outreach

• Next ACT Meeting: September 27th Financial Strategies
  • Present & Discuss Funding Requirements for 5-Year period
  • Present & Discuss Rate Strategies
  • In-Person - 1.5 hours Meeting
